ABOUT SUNIT CONCEANES

Founded in 2015, SUNIT Concranes Pvt. Ltd. is a premier designer and manufacturer of Material Handling Systems, Material Lifting Equipment, Pollution Control Equipment, and Abrasion Resistant Products. With our headquarters located in Pune, our expansive manufacturing facilities cover 50000 sq. ft., enabling us to deliver top-tier products and services to our clients.

We proudly operate sales and service offices in Jamshedpur, Kolkata, Coimbatore, and Bhubaneshwar to ensure comprehensive support for our customers. Our extensive product portfolio, in-house design and engineering capabilities, and strong partnerships with leading technology providers, combined with our excellent project management skills, have fueled our growth and success over the years.

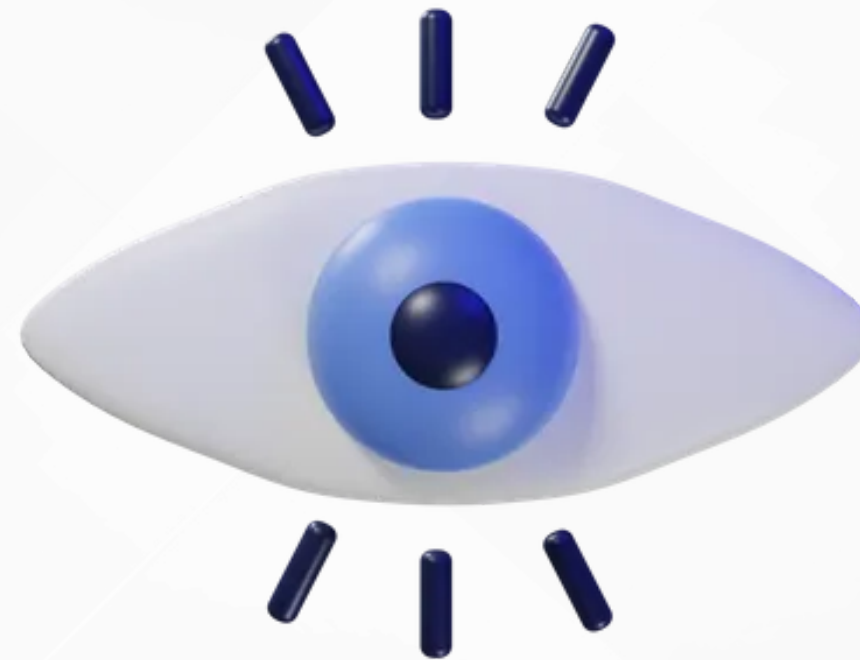

As an ISO 9001:2015 certified company, SUNIT Concranes has completed over 150 projects within a span of seven years, earning a reputation for quality and reliability across a wide range of industries.

OUR VISION

Our mission is to establish ourselves as a reliable and influential presence in the Bulk Material Handling and Material Lifting industry.

We achieve this by delivering technically superior products and providing prompt service support to our valued customers.

Our vision is to be globally recognized as a company synonymous with top-quality and dependable products.

WHY WE ARE BEST ?

- Excellent In-house Engineering Resources and Team for Civil, Mechanical and Electrical.
- Adequate In-house Manufacturing Setup to back up site activities on time with established and trusted partners for bought out items, machining components and fabrication as well. This gives us advantage to handle multiple orders with minimum overheads and thereby giving benefit to end client.
- Highly efficient Project Execution Team.
- Having trusted partners and resources with quality aspects is strength of any EPC business. We have competent purchase committee comprising of Projects, Purchase and Finance persons who evaluate our vendors on their capabilities which gives us confidence handle such type of volume at a time. This reduces the burden of having everything under one roof.
- On time completion of Projects to the tune of 90%.
- Proven System Design as Per IS and International Standards.
- We have developed in-house design software for all our products to eliminate any manual errors.
- Dedicated Project Finance Team.
- Reliable Site contractor team working with us since long time.
